Brett Williamson called the Development Office stating “He owns property on northwest side Lake Oakwood” and was inquiring about the proposed conditional use permits by Mr. Sterzinger. Mr. Williamson was advised of the conditional use requests for 2020cu009 and 2020cu010. He expressed concerns of: # 1) The 30 year time frame, should be shorter than 30 years and # 2) Water quality of the creek isn’t effected by the mining.
